A MESSAGE TO THE UNITED NATIONS

The Family: Agent of Economic Development and the Fundamental Safety Net

An address by Director Pat Fagan to the United Nations Conference, sponsored by the Holy See's Permanent Observer Mission, The Pontifical Council for the Family and The UN Alliance of Civilizations. [Read the full lecture here](#))

MAPPING AMERICA

The Percentage of Adolescents Who Have Ever Engaged in Sexual Intercourse by Family Structure and Religious Worship

Wave one of the National Longitudinal Survey of Adolescent Health (Add Health) found that teenagers in intact families who worshipped weekly were least likely to have engaged in sexual intercourse. ([Read more here](#))

HONEST RESEARCH

The Closing of the American Mind: The Data That Do Not Fit

The bullying is not subtle. Yet it is effective and, in the land of the free, has closed down the debate on campus. The grandchildren of the “greatest generation” are no match for the “thought-dictators” in this sector of the social sciences.
