

Dear friends:

### **CHILD'S WELLBEING IN FAMILIES OF LONE MOTHERS**

A [UK study](#) shows that children raised with their father in the always-intact biological parent family consistently do better in socio-economic outcomes than those raised by single mothers or stepfathers. [Continue reading...](#)

### **CHILDHOOD ADVERSITY, RELIGION, AND CHANGE IN ADULT MENTAL HEALTH.**

Religious practice throughout childhood counteracts negative repercussions later in life and results in greater mental health. [Continue reading....](#)

### **BLOG: IS A NEW GENERATION OF GENTLEMEN POSSIBLE?**

Three generations of family brokenness have eroded the capacity of many young men to be gentlemen. Though women yearn for it, they have yet to expect and demand it. To fulfill these expectations father will have to work hard to raise sons capable of measuring up. [Continue reading....](#)
