

Dear Friends:

## NOTABLE RESEARCH OF THE WEEK

### Serial Infidelity

American adults who cheat on their partner during one relationship are three times more likely to cheat on their partner during their next relationship, [according to](#) researchers at the University of Denver.

## NEW IN MARRIPEDIA THIS WEEK

### **Update (bolded in entry): Effects of Religious Practice on Health**

Religious practice increases life satisfaction and family happiness, and decreases depression and suicide. The health savings value of religious practice is estimated at \$115.5 billion.

## BLOG: “Post-Truth” and “Dis-easing” Facts

Who are the greatest natural law teachers in America? They are ‘the whole population of America’. Their behavior and choices teach natural law in an extraordinarily clear way and they record their lessons in the US federal survey system. Simple forms of demographic snapshots of the American population teach a lot about natural law fundamentals.
